

## Greetings Friends,

Here are some of the exciting things that happened over the Christmas season 2013...

### A Kitengela Christmas to Remember...

Christmas **morning** started with my good friend and I loading 2 cars with 8 kids (my kids and their cousins), lots of snacks, drinks and gifts, and heading to a shelter in Kitengela where 4 of our **scholarship** recipients were staying over the December school holidays.

There were an additional 30 kids at the shelter that we got to share snacks with, play **games** and give gifts to – it was definitely a Christmas that all the children will long **remember**.

\*\*All our scholarship recipients attend boarding schools – which offer safe learning environments for them to **thrive** in. Over the school holidays, however, some of their own home environments are high risk areas so they need alternative shelter. Our prayer is to find **safe families** that would host the girls during future school holidays.

Thanks to One Lamb friends, our other scholars and some of their siblings enjoyed a Christmas **party** the previous week during our holiday camp in Majengo...

new clothes + great snacks = good times!

### Counseling Kick-off

The girls in our 29:11 Scholarship Program took part in counseling over the two month school holidays. They participated in group **therapy** and individual sessions.

The girls have been through incredibly traumatic experiences – the counseling is a great step in their **healing** process.

### Precious moments...

Over the Christmas season, we had visitors come from near and far. Two very special visitors were a brother and sister (8 and 5 years old) who live in Atlanta but were home for the **holidays**.

It was their first time in the Majengo slums yet in no time, and of their own accord, they were playing with the other children, innocently oblivious to the stark **differences** between them – just kids playing with other kids. It is no wonder that Jesus said we need to be like children to enter into **heaven** (Matthew 18:3).

We are so thankful to all our supporters who give of their time, resources and prayers. Bless you!

Please pray with us for continued impact against child prostitution. If you would like to find out more about our programs, kindly send an email to [info@onelamb.org](mailto:info@onelamb.org), or visit [www.onelamb.org](http://www.onelamb.org) or contact Ciru on +254 732 579 454. Thank you.
