

Greetings Friends!

We are so grateful for our **HEART** Home – a **safe** haven for our girls to heal from their trauma, grow and just have fun being kids again.

Activities include **dance** and movement therapy, counseling, talks from survivors, arts and crafts, drama, Bible lessons, games and outings including a **trip** to the Giraffe Center and The Hub Mall – **first time** for the girls to visit a mall, ride an escalator and an elevator ... making pleasant childhood memories!

Bon Ami Ministry all the way in Canada included One Lamb in their "**Children Matter to God**" event in September, where friends donated stationery and goodies, plus the loveliest **backpacks** for each of our girls – a no. 1 wish list item. Thank you Bon Ami, our good friend!

Where would we be without our amazing **volunteers**? Through their love the children wonderfully experience the Gospel and learn that they are precious to God. Counseling, reading assistance, art, therapy, discipleship, visiting, spending time to chat and play. Here are a few of those precious moments...

**Freedom 40** received a boost earlier this year with a large box of sanitary towels shipped from a **group** of friends in Canada. Extreme poverty pushes many girls to engage in "sex for **money**" to buy basic needs like sanitary towels. Our Freedom 40 program has supplied girls in the community a pack every month for the past **4 years** to curb this.
