

## Greetings Friends!

Here are some of the things we are celebrating and thanking God for in this busy season at One Lamb :-

**Seven girls** from high risk, exploitive and vulnerable situations joined **boarding school** in May - yay!

One of the girls had previously been forbidden by her mother to join and had been taken away to stay with relatives from November last year till February of this year. Several people prayed for her and we thank God for this amazing **miracle** - to see her safe in school and have her mother cooperating that she might have a brighter future...

Never too young to be generous: Six year old Alex Mwaura of Atlanta, GA donated his early reading books and Bible stories to kids at One Lamb. Thanks!

One Lamb's first **US Mission Tour** March-April 2013 >>> several planes, trains and automobiles visiting groups in 9 cities to raise awareness on child prostitution in Kenya and build new **partnerships**. We are so grateful for all who came to listen, encourage, donate, sponsor girls for school, graciously host, and connect One Lamb to their friends and networks. We pray for the strengthening of mutually beneficial partnerships for many years to come. ✈️

**Freedom 40** goes **HURU**... We sincerely thank **A New Thing** (part of Johnson & Johnson) for donating 15 packs of reusable sanitary towels that are made by **Huru International** here in

Kenya. The packs were given to girls at Undugu School Pumwani on June 12 having been shown how to use them. These kits will allow the girls to attend school throughout the year and prevent those who would otherwise resort to "sex for money" in order to buy sanitary towels. 🦋

... and this is how you floss your teeth ...ohhh

**Dental floss** lands in **Majengo**... along with toothbrushes, toothpaste, volunteers and dental professionals for One Lamb's first ever **dental camp**. On 13<sup>th</sup> June, 75 kids were screened, over **150** were instructed on proper oral hygiene, and all received packs which contained

a toothbrush, toothpaste and dental floss - it was the first time for all the kids to see dental floss 😊. Many thanks to Tiffany and friends who donated the dental equipment and products, volunteers from our partner group at Nairobi Chapel - the **Sandara eGroup**, and volunteers from our partner ministry **Sowing Seeds of Joy** in Dallas, Texas who were in Kenya on a short term mission. We are also very grateful to Emily and Irene from **Baptist Mission** who shared the Gospel with the children that day. The camp allowed One Lamb to foster **community relationships** in Majengo, so that together we can win the fight against child prostitution... 🦋

Please pray with us for continued impact against child prostitution. If you would like to find out how you can support this work, kindly send an email to [info@onelamb.org](mailto:info@onelamb.org)

or contact Ciru on +254 732 579 454. Thank you.
